THE ORIGINAL PIÑA COLADA

by Ramón 'Monchito' Marrero, at Caribe Hilton Puerto Rico, in 1954

25

After 3 months of experimentation, Ramon finally captured the flavour of Puerto Rico by blending rum, coconut cream and pineapple juice – a recipe which is enjoyed the world over to this day.

COOKIE COLADA

by The Team at DoubleTree by Hilton Perth Northbridge

25

Combining the famous DoubleTree Chocolate Chip Cookie, this drink is our take on a harmony of childhood nostalgia and tropical indulgence, blending Bacardi, oat milk, pineapple juice and coconut, garnished with dehydrated pineapple and cookie crumbs.

→ Ramón

Hilton is home to so many iconic firsts. Did you know that John Lennon wrote the song 'imagine' here? Or that the first ever Grammy's were held here? Or that (most importantly) the Piña Colada was invented here.
